THE POWER OF ONE.

OFF THE TOP

BY RACE BANNON

In this modern day of "leather community," a lot of great things happen because of leather/SM/fetish clubs and organizations. Educational events, rap groups, workshops, social events, contests,

and fundraisers, to name just a few, often happen as the result of the efforts of such organizations. This is surely commendable and I salute the memberships of those organizations. They do the community a great service.

Unfortunately, though, one of the by-products of such organizational efforts is that some individuals come to believe that they cannot have a positive impact on the community without club or organization involvement. That is simply not true. In fact, an individual can often have greater impact than an organization. Let me explain.

Anyone who has had any intimate dealings with one of the many leather/SM/fetish clubs or organizations knows that they are often bogged down in bureaucratic processes that require input from many before decisions can be made, monies allocated, or action taken. This is not an indictment of the process. Any democratic institution is bound by such give-and-take negotiations. Few agree that an autocratic leadership is better than this democratic process.

However, when an individual decides to take some action without the need for input from others, such give-and-take becomes unnecessary. In fact, the end result can often be achieved with greater success and in a shorter time frame when the project is undertaken by one person acting alone. Some examples might help.

Some time ago, Tony DeBlase felt that our tribe needed a symbol of unity. A flag seemed appropriate. Tony could have presented his idea to an organization, which would probably have formed a committee to study and develop the idea, which would then probably have needed to present it to the membership of the organization for a vote. In an all volunteer organization this type of process could take months, even years.

Instead, Tony unilaterally designed a leather pride flag and presented it to the community at a major leather event. The community could either accept or reject Tony's design and concept. As we now know, the community overwhelmingly approved of the flag and it is now the symbol most accepted as representing the modern leather/SM/fetish community.

Another example. During the preparations for the recent March on Washington event, Guy Baldwin noticed that he had seen no posters advertising the leather community's involvement in the March. After checking with event organizers and discovering the community did not have such a poster, Guy raised the money needed for the project

with a single phone call, contacted Mikal Bales, who donated his graphic design services, and contacted a leather-friendly printing company who agreed to print the posters at a reasonable cost. Within a few weeks the posters were ready. A few friends got together for a mailing party and the project was complete. Posters were soon hanging in virtually every leather bar and business nationwide.

Could this have happened as easily and quickly had an organization been in charge? I doubt it. The money would probably have been raised through some type of fundraiser, lots of discussion would have taken place about the design of the poster, and more discussion would have taken place about who received the poster. Again, I am not condemning this process. This is just the way organizations work.

My point is that there are some projects that are better taken on by individuals than by organizations. If you have an idea for a project that you believe would better the community, just do it. Don't wait for anyone's approval. There is no club or organization who has the authority to decide if your project would benefit the community.

And by maintaining control of your project, you also assure its continued focus and purity of concept. I will probably not be popular for this statement, but I believe projects carried out by committee are rarely as powerful and effective as those done by individuals. There are obviously some exceptions. For example, the March on Washington could never have been pulled off by an individual. Only through the organizational and planning efforts of many could that great event have occurred. But most community projects are not that grand in scale and do not require such massive effort.

With all this said, I hope those involved with clubs and organizations do not stop their great work. There are some things best suited to that structure. But I also hope that those individuals reading this editorial who have an idea they believe would better the community, take some action. Perhaps that project is best kept under the wings of a community organization. Or perhaps it is best undertaken by you, the individual, who can see the project through from beginning to end with a single, focused purpose.

In a society constantly reminded of the huge power structures that dictate our lives, let us not forget the power of the individual to effect change. ■

MALE CALL

MY MASTER'S BOOTS

In the world of SM, being forced to lick a Master's boots is a forced humiliation, of forced subservience, of degradation.

My Master does not force me to lick his boots. I beg to lick them. For me, this is a pleasure, a reward, an honor. It is my way of showing respect, that I will do whatever he commands, that I belong to him and that he has control of my mind and my body.

They are HIS boots. A part of HIS body goes into them. HE wears them, walks in them, works in them, plays in them, rests them on me. They are an extension of HIM, the man I look up to.

They are a symbol of our relationship. Sitting on the floor with his legs over my shoulders, his booted feet on my chest, I lean over and caress them, kiss them, lick them... my lifeline to HIM.

He asks me to unlace HIS boots and take them off to massage HIS feet. I place the sole on my chest and slowly loosen the laces while my hands hug the tall black leather and he slowly,

deliberately pushes down on my chest. Slowly slipped off his foot, I inhale the combination smell of his feet and HIS boots.

Sometimes he wishes to sleep alone and I am relegated to the floor by the bed. But he will be next to me because he ties HIS boots around my neck as a talisman.

Sometimes he ties HIS boots to my balls during my training. The weight might be a bit much, but he reminds me that they are a symbol that he is my Master, that they will enhance and stretch my limits as we both explore our sexual needs. He will hug me while I offer thanks at the end, knowing that his mind, his eyes, his words, his hands, his cock and HIS boots are such an important part of my existence.

But sometimes HIS boots are forbidden to me. He is angry and I am not allowed to taste that symbol of his control over me. Or in the throes of passion he might withhold them from me as another sign of control. He knows that HIS

booted feet are an extension of HIM, the gorgeous man I proudly call MASTER.

Dear Editor,

I wish to use Male Call to congratulate Mr. Mid-Atlantic Leather 1993 Frank Nowicki on his year. Frank stands out as a true representative of brotherhood here in the Mid-Atlantic region. I believe he serves as a role model for those who aspire to represent the L/L community anywhere. His appearances at benefits and Leather functions not only in the Mid-Atlantic area, but throughout the country proves he takes the responsibilities of a titleholder seriously. I am proud that I can call him my Friend, as well as a brother in leather.

Dear Editor:

I've just finished with Issue #168 - WOW!! Paul is just what I needed to get my engine heated up. Piercing is my scene and he's decorated in all the right places. I'd like to stick him in some of my favorite spots, though. He could use a few more rings. How about his heavy ball-sack? Or that thick foreskin? I'm getting hot just thinking about it.

The quality of your magazine has

certainly improved. Especially in the photography and informative articles. Keep up the good work. I'm definitely renewing my subscription!

Dear Editor:

MARCO, Daddy for the 90's, your cover and centerfold man of Issue #168 makes me moan for more. No. 168 was the first issue of *Drummer* I ever purchased. Seeing Marco looming down from my newsstand sent me into orgasmic orbit.

When I flipped through and found the color shots of him inside, I imagined what his hairy body would feel like next to my smooth skin. I fantasied about having him on top of me, straddling my face and forcing his dick down my insatiable throat. I could hear him say, "You *love* it don't you, baby? Tell me how much you *want* it." Then when his dick is as hard as it

can get before exploding, I envisioned him rolling over on his back, him lifting me up on to his cock and letting me ease down for the ride of my life. I am sitting on *It!* He is completely inside of me. He plays with my hard nipples. I lean over to lick the pits of his big arms and with my lips only inches from his, I respond by telling him, "It isn't so much that I want it," but that "I *need* it."

Thinking the fantasy is over, I continue on through Issue #168

until I get to page 77, where I see Marco's ad giving me the opportunity to turn fantasy into reality. He is certainly the man for me. I feel destined to be with your *Drummer* Daddy.

Thank you for the opportunity.

MARCUS THE MERCILESS

BY MARCUS HERNANDEZ

third largest leather event after International Mr. Leather and International Mr. Drummer.

While this was the 10th anniversary of Leather Weekend, it was the 9th Mr. Mid-Atlantic Leather competition at Tracks Bar on Sunday afternoon, Jan. 16 that drew the biggest crowd and 18 contestants from East coast communities.

Buyers of the \$30 week-end "package" plus the "contest only" spectators mixed amiably in the cavernous Tracks complex for an elaborate brunch which began at 1100 through 1300; following that, the contest began in earnest. The big leather dance at The Box Party at Fifth Column later that same evening culminated the weekend for a club, some 45 members strong, that garnered a Centaur MC Leather Weekend proclamation from Washington Mayor Sharon Pratt Kelly.

The guest list of the Centaur MC roster records leather men and women from at least 30 states and 11 foreign countries. The "colors" of over 100 fraternal organizations from around the world were presented at the Leather Cocktails party at Tracks on Saturday night, Jan. 15, and made for a brilliant pastiche when they were all onstage.

Friday night, Jan. 14 at The Quorum Welcoming Party the judges were introduced: IML Henri Ten Have, Ms. NLAK.T. Chase, Christophe Reinke (owner, Tom's House, Berlin), Tom Kiple (owner, Baltimore Eagle), Luc Le Flaguais (co-owner Le Conciergerie, Montreal) Vern Stewart (San Francisco) and outgoing Mr. Mid-Atlantic Leather Frank Nowicki.

The 18 contestants were then introduced and drew order of appearance numbers: Mark Cairns, Victor Magide, Barry Johnson, Jeff Earl, Jacques

Oliveu, Pete Delate, Vince McEaghan, Andy Borden, Bryan Oles, Ed Briggs, Richard Benoit, Jose Ucles, Alan Vance, Ian McNeal, Robert Hughes, Bob Connolly, Ross Nadler and Thorn Bradford.

With two commemorative pins and a patch, a brunch at the Blue Penguin and at Tracks, free cocktails and numerous free and discount tickets in the package booklet plus the contest itself, the weekend was declared a smashing success.

The contest on Sunday was a fast-moving show (and Lenny Broberg, IML '92 was flawless as the emcee) with all contestants writhing around simulating sex in jockstraps for the opening number; Frank Nowicki was bestowed with a crown, scepter, a lace parasol and other gag gifts but got the biggest ovation of the afternoon when he brought his mother, Mary Nowicki, on stage to thank her and about a dozen other personalities for his successful year with the title, and gave his final speech and last walk. Red leather roses were given to those who were his most ardent supporters. Standing ovation. Tears. A poignant moment.

The Knights of Magic from Dallas put on some startling magic displays that were extremely suggestive of S&M scenes; the suspension demonstration by Len Griffiths and crew was a motorized bigger-than-life chrome-framed affair with the subject chained to it and whirled horizontally and vertically for a dazzling exhibition that later included electrical wands and a standing ovation. Just before the winners were announced, longtime, popular disco diva Carol Douglas had the place in an uproar with her set.

The moment of truth arrived after the 10 semifinalists had gone through the speeches, physique portion and question period. The 2nd runner-up was Andy Borden, (Mr. Spike NY), a handsome 6'1" hunk; the 1st runner-up was a startlingly, seductive looking latino man, Victor Magide, (Mr.

Upstate New York) and the 9th winner of the title, Richard Benoit, (Mr. Baltimore Eagle). He's a member of Baltimore 5 C.O.M.M.A.N.D. and has a significant other. His pleasant demeanor, leather image and outgoing personality will be assets when

GET TO KNOW A LEGEND

Legends like Tom of Finland come along too few and far between. So how do they keep pumping out and pumping up the volumes and videos of a legend whose work has outlived the man? The latest erotic releases are "Jack & the Jungle" (Volumes 1, 2 & 3—complete in one volume) and "Kake & the Sadists."

"Jack & the Jungle" takes me back to the fantasies I created around my childhood and prepubescent hero, Tarzan. (All right, so he's still my hero!) After I would close the pages of Edgar Rice Burroughs' Lord of the Jungle, I would fantasize about all the things that

I hadn't read. Well, for those of you who shared (or share) this pastime, Tom's "Jack & the Jungle" is filled with the images we conjured up so long ago and still may refer to now and again.

The story goes something like jungle man saves a wayward safari guy from the unspeakable torture of fucking, the large queen of a "head" hunters tribe. He later gets trapped and raped by these same men, then upon escape ends up plowing every last one of the savages. In the final volume, our lord of the jungle finds a sailor washed ashore and then has to deal with that pesky tribe of savages once again until another lord of the

jungle comes to the rescue.

The only problem with "Jack & the Jungle" is I don't know where to keep my new copy; with my other pornography or with my Tarzan collection. It's an excellent value at \$20 plus \$5.50 shipping and handling.

"Kake & the Sadists" is hard-core sadism, masochism, bondage and more. For no known reason, Kake is subdued and carried off by a group of military men who subject him to some unbelievable and excruciating

childhood sketches.

"Daddy and the Muscle Academy" is a must-see for everyone who has ever seen a Tom of Finland illustration and been interested in the man who created the image. This 55 minute video retails for \$49.95 plus \$6 shipping and handling.

To order any of these items or the Tom of Finland catalog, call 1-800-3-FINLAND or write: Tom of Finland, PO Box 26716 Dept. ED, Los Angeles, CA 90026. Don't forget that California residents must add sales tax.

SAME AS IT EVER WAS

Grapik Art Production's latest video releases by Tom "Ropes" McGurk are more of the same style of stuff for which they are well-known. There is no musical soundtrack to muddle things up, limited camera action and simple edits provide an amateur sense of realism and true voyeurism.

The models in "Parade Weekend Lockdown" are all under 35 and range from young boy

type (20-year-old Joey Carr) to hairy, hippie Italian (Master David). Joey is visiting San Francisco for the Gay Pride Parade and answers a classified ad saying "Daddy will train." Half way through his slave training, Joey is turned over to Master Cougar who finishes up where Master David left off.

The better of the two by far is "Roped and Drilled."

In addition, "Kake & the Sadists" has a special section of provocative "black-outs" from Tom's archives. Experience a whole lot of hard-core for \$12 plus \$5.50 shipping and handling.

And for those of you who haven't yet seen "Daddy and the Muscle Academy - the Art, Life and Times of Tom of Finland," at your local film festival (which for some of you may mean hundreds of miles away), then plug in your VCR and get ready for a treat. The San Francisco Examiner says it is "Well-made, informative, entertaining and hot."

This documentary was completed shortly before his death and is an excellent combination of interviews with Tom, his peers and associates, and hundreds of his original drawings - including some of his early

and slave, newcomer Dustin Lee, are hot and masculine. The concepts of SM and bondage are blended with good ol' sex to make a good video for novice and expert alike. My only wish would be some close-up shots of the hard fucking, sucking and intense nipple action. I wondered if there ever was any real drilling going on.

My recommendation would be to add "Roped and Drilled" to your library. Either tape is \$54.95 and can be ordered directly from GrapikArt Productions, PO Box 460142V, San Francisco, CA 94146.

HUH?!

So little work is being done in the gay, leather, music world (who knew there even was a gay, leather, music world?). If you're like many leather queers, you'll want to rush right out and pick up a copy of Joseph Victor Sieger's "Self Portrait, 1993," just to be politically correct. However, keep in mind that the value in this musical exploration is not the music, which could be reproduced on any Wurlitzer programmable organ or Radio Shack synthesizer, but the lyrics.

With titles such as *Master (do it to me mix)*, *San Francisco (You've Got Me Hard)* and *Uncut (cheesy organ*

mix), you begin to get a feel for the content which Sieger explores throughout the CD. In some ways this music belongs in the Gay Archives just because it is reminiscent of many of our own sexual pasts. My favorite piece involves some primitive chanting and carrying on which I found very appealing.

If you want to be politically correct by supporting the gay, leather, music industry, or if you are truly interested in hearing some "interesting" lyrics then just send \$20 to Siegerwerke, Inc., PO Box 14348, San Francisco, CA 94114-0348.

WHO'S ON FIRST???

I don't care what any of you so-called leather aficionados say, whenever you want to watch good butt-pounding, cock-sucking,

albeit mostly vanilla sex, from the masters of porn, turn to the Falcon family of labels. They may have the same pretty boy-type models and the same formula, but why change something that works for so many people.

"House Rules," Falcon Video Pac 90, is a nice little fairy tale about a day in the life at a woodlands sex farm. I won't bore you with the story line, but I will mention some hot scenes you might enjoy.

Chase Hunter, the only man in the movie with facial hair, is slamming his "Dick of the Decade" in and out of Jesse Tyler's boy pussy who is grunting and whimpering enough to make any leather man sigh with satisfaction for at least a few moments.

scenes which have some limited butt-play and others with plenty of big dicks in every hole. Other models you may know or care about include "Long Dong Sean" Davis, John Wood, Clint Benedict and Zak Spears.

"House Rules" is loaded with plenty of sex where you can definitely see the penetration. Just don't get caught up in the question about why would all these really hot young studs need or want to go to a sex ranch as clients when they could be the hired hands.

HOUSE RULES BY FALCON VIDEO

Another division of Falcon is currently promoting Mustang Video Pac 31, "Hands On." This porn story looks at the industry itself and you get a sense of what they want you to believe is the behind the scenes action. Of course there is a twist here and there like when the Director interviews some new hopefuls and is persuaded to join in. Or the newcomer who is hiding his rising star status to his boyfriend who ends up being in the film as well.

Some great ol' fashioned sex and some nice dildo work by uncut Latin stud Vince Rockland on nasty boy Joey Morgan made me stand up and take notice (so to speak). These 90 minute

videos can be ordered directly from Falcon, PO Box 420750, San Francisco, CA 94142-0750. "House Rules" is \$69.50 and "Hands On" is \$49.50. Shipping and handling is \$4 for the first video and \$2 for each additional one and the standard sales tax for California residents.

HOT NEW LOOK.

I guess it is inevitable that creative genius begets creative ventures. And so it is for Steven Scarborough's (Falcon's former cash cow director) new pursuits with Hot House Entertainment.

At the Gay Erotic Video Awards, Scarborough recently won Best Director for Falcon's "Conflict & Redemption" (which won best movie).

Now he is taking his talent, literally and figuratively, to Hot House's Bullwhip Video label to produce "On the Mark."

This is truly an interesting porn-documentary about some of the industry's well-known stars "doing what they want to do" sexually. While Aiden Shaw tells us how he likes older men, we watch him plow his large, uncut fuck-tool in and out of hunky, young Jake Andrews.

Other models include Dave Logan, Donnie Russo and Zak Spears. You can order this for \$59.50 plus \$4 shipping and handling from: Hot House Entertainment, PO Box 410990, #523, San Francisco, CA 94141-0990, or call 1-800-884-4687. (Californians should always add sales tax.)

Keep your eye on Hot House Entertainment, I have a feeling they are going to give the gay porn industry a run for the money, as well as fill a market niche which the leather community has lacked. ■

exotic settings of palm trees, orange blossoms, or golden sunsets for which the state is famous. It is the blending of erotic pleasures and exotic treasures that makes Florida such an exciting place for an ever-increasing number of leather folk from around the globe. Whether the goal is to live, work, or play, the Sunshine State is a popular and pleasurable destination.

Not unlike California on the Western coast, the area and land mass of Florida has created two major centers of activity for the leather community. Although united by strong statewide political identities, local activity is centered around the Orlando area in the central portion of the state, and in Ft. Lauderdale to the south. Healthy competition and a sense of community pride between these two major areas make each one a major contributor to the growing respectability of Florida's leather family.

In south Florida, many bars and organizations not only welcome, but encourage the leather identified clientele. **THE EAGLE** and the **STUD** are the most popular; but others such as **THE EVERGLADES**, the **JUNGLE**, and **CLUB CARIBBEAN** are benefiting from the expanding number of visitors and residents. Anyone would be well advised to visit all of the area bars to formulate his or her own opinion as to the most desirable location for night life.

THE EAGLE of Ft. Lauderdale always maintains a hearty local crowd and produces positive responses from visitors. With a former **Mr. Florida Drummer**, two **Mr. Florida Drummer** first-runners-up, and a couple of highly touted and

generously exposed porn stars on staff, **THE EAGLE**, is home to the hottest and most accommodating bartenders in Florida. It is most often the bar of choice for many of the most experienced and politically active members of the community. Playing host to the two local **Bear Clubs**, the **F.F.A./Florida Gold Coast**, and the **SABERS M.C.**, the **EAGLE** of Ft. Lauderdale is a place for hot and heavy cruising and a friendly crowd always willing to lend a strong, hairy, helping hand.

Nightly drink specials, dark and delightfully decadent hallways, an outdoor patio bar where fires and hardons roar, and a D.J. who plays appropriate music combine to make every night at **THE EAGLE** exciting. All of this activity reaches a powerful climax on Saturday nights. Packed, pounding, and plentiful, the men of **THE EAGLE** bring smiles to the faces of vacationers as well as hometown patrons.

For variety, spice, and the best industrial dance music south of New York, the **STUD** of Ft. Lauderdale is a favorite choice for night time entertainment. Large enough to house several bars, a leather bar called **THE RACK**, an expansive dance floor complete with state-of-the-art sound and lighting, as well as an outdoor patio and garden area, the **STUD** is filled with a younger and dance-oriented crowd curious and eager to learn about fetish sexuality.

The generous sponsoring host to the **MR. FLORIDA DRUMMER 1993**, and **1994 CONTESTS** as well as the **MR.**

FLORIDA LEATHER CONTEST, the **STUD** is a favorite south Florida watering hole.

The management of **THE EAGLE**, **STUD**, **EVERGLADES**, **THE JUNGLE**, and **CLUB CARIBBEAN** is extremely charitable and civic minded. Each establishment is a major asset to the south Florida leather community.

Leathermen and women in south Florida have several social and educational organizations from which to choose. The **F.F.A./Florida Gold Coast**, **Florida Bears**, **Gold Coast Bears**, **Sabers M.C.**, and **P.L.A.Y.** are the most actively involved groups in the area. Each of these clubs hold regular meetings and seminars. New members are always welcomed and each organization serves a vital role in providing outlets for socializing and networking.

Given the honor of carrying Florida's leather banner and leading its contingents in the "March on Washington" last year, the **F.F.A./F.G.C.** is the oldest and most organized group in south Florida. With its growing membership, the **F.F.A./F.G.C.** is guided by officers who are well respected and experienced leaders of the Florida leather family. The club's membership works very closely with other local organizations in numerous fund-raising as well as "fun-raising" endeavors.

Now well into its second decade of existence, the **F.F.A./F.G.C.**'s calendar of events and festivals attracts the leather/SM

mind from around the world for safe, sane, and sex-filled activities. Meeting bi-monthly at **THE EAGLE**, this group is not only an avenue for playing, it is also one of the communities' biggest sources of manpower and leadership for numerous important events.

A newer member of the growing family of leather organizations in the South is Ft. Lauderdale's **P.L.A.Y. (People of Leather Among You)**. This organization is one of the first of its kind to address and nurture the collective spirituality of individuals who have an interest in leather or fetish sexuality. **P.L.A.Y.'s** membership of men and women attends monthly meetings at the Ft. Lauderdale M.C.C. Sunshine Cathedral. These forums and seminars are

places where frank, open discussions about safe fetish sexuality create an atmosphere of acceptance and camaraderie.

The surprisingly large number of leather shops in the Ft. Lauderdale area provide quality leather or leather-related products at prices well below those in larger cities. Visitors to the area, along with the local residents, are outfitted with any and all kinds of leather merchandise. Prices and selections vary with inventories; and comparative shopping is always advisable.

CHAINS, the leather shop located inside **THE EAGLE** is usually filled with eager patrons. The merchandise is well displayed and plentiful. With an experienced ownership and managed by a friendly and knowledgeable staff,

CHAINS is a great place to buy, browse, or catch up on local politics.

Strategically located between the dance floor and the "leather only" back bar inside the **STUD** is **THE PINK TRIANGLE** leather shop. The **PINK TRIANGLE** is also a popular south Florida leather shop. Many sweating, shirtless young bodies leave the heat and beat of the disco behind to browse through the merchandise or ask one of the **PINK TRIANGLE's** staff to demonstrate the proper usage of a particular toy. The smell of well-pumped and perspiring young men combined with the smell of leather is just one of the many pleasures to be found at **THE PINK TRIANGLE** leather shop.

The other leather shops in the Ft. Lauderdale area are **UNDERGROUND LEATHER**, **THE FALLEN ANGEL**, and **TRADER TOM'S LEATHER SHOP**. **UNDERGROUND LEATHER** has a relatively small inventory, but with on-site leather craftspeople, it is always a good place to find specialized or customized leather-related products. Ever eager to make heartfelt suggestions on improving the local leather life-style, the management of **UNDERGROUND LEATHER** is a vocal and visible player within the community.

THE FALLEN ANGEL, and **TRADER TOM'S FANTASY DEPOT** are also popular with local shoppers. With their larger inventories of products, these two stores are successful additions to the South's growing number of leather and leather-related retail shops.

The strength and stability of south Florida's organizations which provide P.W.A. and H.I.V. healthcare services are maintained by a generous and socially conscious leather leadership. Two such organizations are **HEALTHLINK, INC.** in Ft. Lauderdale and **HEALTH CRISIS NETWORK** in Miami.

Forming a unique and successfully symbiotic relationship, the leather community and **HEALTHLINK, INC.** work as a team to the mutual benefit of each other. Sponsored by **HEALTHLINK, INC.** the **BLACKHEART BALL** is planned and produced by many of the leaders of the fetish

tion to its having developed great rapport within the healthcare or health service agencies, the leather family has been embraced by other more "mainstream" groups to present a unified front as it battles to win acceptance and tolerance for the entire gay, lesbian, and bisexual community. One of the most heartwarming, cross-community experiences of recent memory to south Floridians was when members of the **SOUTH FLORIDA LAMBDA CHORALE** sang the opening anthem at last year's **MR. DRUMMER CONTEST** at the **STUD**. Many men, women, gay and straight members of the locally famous and highly praised singing group joined hands for the first time with the leather community to show in resounding fashion the determination and strength of the gay nation and its global agenda.

It is the sunshine and tropical temperatures that bring most people to south Florida. But even as the sun sets leaving behind brightly colored reminders of the shrinking day, residents and visitors have plenty of opportunities to party, play, and participate in an ever-growing tidal wave of leather activity. Ft. Lauderdale is quickly becoming one of the nation's most desirable locations for men and women who have developed close affinities with the leather, SM, or fetish life-styles.

In the Orlando area of central Florida, the leather community is as animated as are the surrounding amusement parks. The growing pains of one of the nation's fastest growing cities have affected the local leather community as it struggles for unification and direction. But as the dust clouds of restructuring settle, certain organizations, shops, and night spots are emerging as definitive leaders with refreshingly new insights and directions.

For Orlando's leathersmen and women choosing a favorite bar

may involve balancing old allegiances with new possibilities. **THE PARLIAMENT HOUSE** entertainment complex has been traditionally the best bet for all manner of gay/lesbian activity. Spending a few days, or even hours, at the **"P"-HOUSE** can be a rewarding and gratifying experience. However, what was once a local and national gathering spot for leather folk is redefining and reorganizing its position within the community.

The best "E" ticket for night time fun in Orlando is the **FULL MOON SALOON**. Hot, happy, and handy managers and bar staff make this road house a refreshing stop along the trail. A successful blending of country western themes and leather-related videos create a unique, yet almost-too-charming atmosphere. However, it is a recipe that works by bringing the hottest leather folk with the hunkiest country folk that Orange County has to offer.

Vacationers as well as locals who are weary of seeing dancing rodents and orcas with attitudes stop at the **FULL MOON SALOON** for real adult fun and frivolity.

Both the **PARLIAMENT HOUSE** and **FULL MOON SALOON** play host to numerous leather contests, bike runs, bear hunts, leather festivals, and fundraisers. Central Florida has greatly benefited from each establishment's support and dedication to the leather and fetish family.

As was the case centuries ago, when the **CONQUISTADORS** roar into town the locals take notice. One of the oldest organizations of its kind in the nation, the **CONQUISTADORS** of Orlando is one of central Florida's most active, visible, and focused clubs. This leather motorcycle club is constantly planning leather events and festivals. Whether it's **DRUMMER CONTESTS**, or **LEATHERFEST WEEK-ENDS**, the membership of the **CONQUISTADORS** strives and grows under the pressure of organizing high

profile activities.

Many of central Florida's most experienced and dedicated community leaders are present at the **CONQUISTADOR'S** bimonthly meetings at the **PARLIAMENT HOUSE**. The seriousness and pride with which the organization is structured is rewarded by its position of respect and honor within the local gay community.

In Orlando, expect the unexpected and accept the bizarre as mundane. After all, it is a land where diminutive beauties tame savage beasts and seven little miners play host to narcoleptic princesses. It is also a place where men in business suits, coeds in fluffy sweaters, and horny tattooed men with cockrings and P.A.'s all coexist in a wonderland of harmony.

A place where such incongruent gatherings occur on a regular basis is **ABSO-**

With on-site customizing shops as well as a large and generously stocked retail area, this leather store has a plentiful and varied inventory.

Central Florida is also home to numerous organizations which provide education and guidance to the area's gay and lesbian family. **C.U.F.F.S. In addition to seminars, **C.U.F.F.S.** provides panels of AIDS-related experts, produces plays and arranges events that enhance the communication between many of the local business people.

For centuries, aboriginal Americans, Native Americans, European warriors, and settlers of all descriptions have called the Florida peninsula home. The warmth of the sunshine, the coolness of the ocean breeze, and the intoxicating sweet aroma of orange blossoms on distant hillsides continue to welcome those who seek the abundant exotic treasures that the state has to offer. And as more and more leathermen and women from around the world discover the availability of Florida's erotic pleasures as well, its growing family of bars, organizations, and leather shops is responding by providing quality nightlife, leadership, and education.

STUFF

BY JACK RINELLA

Years ago I began writing an "as yet unfinished" novel about a group of leathermen who shared life on a farm somewhere in the hills outside of Cincinnati. It wasn't too much later that I realized I wanted the

fiction of that story to become real.

I found myself thinking and talking about having a "stable" of slaves. In no uncertain terms I began to see myself meeting and befriending like-minded men who would form, by their commitment and their lifestyle, a leather family.

Having been born into and raised within an extended family, my Italian Catholic heritage was filled with the usual mom and dad, siblings, grandparents, et. al., but also with dozens of great-uncles and aunts, second and third cousins, and family members incorporated by love and affection as well as those who were family by blood or marriage.

My childhood taught me values of sharing and togetherness, that blood was thicker than water, that we took care of our own, and that families were created by inclusion as well as by breeding. Though I have no desire to live the lifestyle of my wonderful and loving middle class parents, I do wish for the security and contentment that family life can bring.

The current Gay movement towards the legalization of same-sex marriages is fine for those who wish to adopt such a mode of living, but I think that Gay men, especially Gay leathermen, can do better. It is time for us to create sustainable communities that reflect our views and lifestyles. In the past 25 years leather has become a viable and visible sub-culture. It is time for us to foster families and tribes that live that culture.

American society, as well as global society, is undergoing traumatic and fundamental change. The old forms of capitalism, socialism, church, family, laws, customs, and mores are crumbling. Some see it as the darkness before the dawn of a new renaissance. Whether that will arrive in 20 years or 200 remains to be seen.

What we can see is chaos, lawlessness, and confusion as old values "seem" to be supplanted by a new valuelessness. I write "seem", since in fact one can also see the seeds of new lifestyles bursting onto our landscape. Some will flourish and become part of the new status quo. Others will be merely transient modalities evolving into still other ways of being human.

I have no crystal ball to predict the look of the future, but

I do have an idea of how I'd like to live. That idea is more than a dream. It is gathered from the experiences of my life and the lives of the men around me. It is part "what works" and part "what might work." It isn't cast in stone, but rather will be shaped and polished by those who venture forth to create and live in a leather tribe.

It's not all futuristic either. We all know successful, long-term leather relationships that continue to provide for the needs of their members. Occasionally we even learn of leather families that approach, or actually share, the lifestyle I'm envisioning. What then will this leather tribe look like?

The first quality that my leather family will exhibit is the one that I think marks us as leathermen: *rugged individualism*.

We leathermen are experimenters and explorers, primarily, but not exclusively searching a sexual pathway. We are individualistic in that we march to a different drummer, willing to risk rejection and isolation in order to satisfy very personal goals and desires.

We are individuals but not necessarily loners. Our self-identities are strong. We're comfortable enough with ourselves to accept our radical sexuality, our counter-cultural fetishes, and our place in an often rejected sub-culture. It will take

just that kind of men to live in a male-centered, sadomasochistic, and leather-defined community. This will be a community of men of strength. Neither domination, submission, nor versatility are traits easily handled by wishy-washy or wimpy people.

In spite of my boldness in writing this piece, each family of leather will be self-defining, much in the same way that the various leather clubs are unique in their own charters and characteristics. The words I put

here only echo my own thoughts and my own dreams. Others will see leather in other ways. Each gathering only has to be valid for those who choose to live within it.

Leather itself is self-defining. Masters differ in technique, in outlook, in expectations. Slaves vary in the same ways. As these coupled relationships are unique unto themselves and satisfy those in them, so too will families achieve the same kind of self-identity. Some may be very autocratic, centered around the leadership of a dominant Master. Others may exhibit more egalitarian ways, reflecting perhaps the versatility of their members.

There will, of course be several characteristics necessary for these groups, families, or tribes to survive. Listing them has the danger of making trivial their importance. Love will most likely be the glue that will hold these families together.

It will be the tough love of commitment, mutual dedication, and preference for the welfare of the others and the group, though not necessarily negating one's need to love oneself. I'm not talking so much of a romantic or emotional love, though those emotions are valid and to be

expected. Rather, love will be a decision we will make towards each other in order to achieve the reality of family.

Relationships often start, or quickly grow into romantic love, but in the long run the emotions fade, leaving us to contend with the realities of everyday feelings. It is commitment to our goals, and to each other, that will allow true family to continue.

Respect is as necessary as love. We'll have to cherish each other as each is, fostering growth and change but allowing each man to express himself and to be himself, within the context of the family's culture. Belittling, destructive criticism, and egotism will only make family life unbearable. Instead, we must value each person as they are, accepting their contribution to our communal life and adding to their individual lives as well.

In order to do that, we'll have to see equality as living up to one's potential. Masters aren't better than slaves. Slaves aren't lesser. Each, instead, is meant to live by his own different but worthy drumbeat. Each will recognize his need for the other, together they will find wholeness.

Ecology and economics are major factors in the shifts our American culture is undergoing. The boom days of the past have long since become days of limited resources and meager, if any, growth. The past, though, holds a key to the future.

Much of the success of those who came to America as members of the lower class (and here I use my family's history as a guide), was built by the strong cohesion of their families. Families worked, lived, and planned together. Arriving in America they often had nothing except the clothes on their backs and each other.

They worked together, teaching each other a new language, starting family businesses, buying and trading among themselves, insuring that wealth was kept in the family and that one's prosperity became a key to the wealth of the others. Brothers paid for their sisters' passage, cousins shared bedrooms, wives worked together with husbands, family members hired each other or made sure that the others knew of job opportunities and got them.

There are easily quantifiable economies of scale, and therefore significant savings, in closely sharing resources. Living communally may not only be a good idea, but a financial necessity.

Common assets such as automobiles, vacation homes, shared apartments, and corporately-owned businesses help conserve costs and distribute wealth.

I am not advocating that these things be shared without the safeguards of the law and appropriate contractual agreements, but there is a lot to be said for combining resources in order to better gain a financial advantage.

Up to this point it may seem as if I'm merely describing some hetero lifestyle from the 1930's. It is true after all, that there is a lot to be said for many of the values that were important in the past. What the Reactionary Right misses is that Gays espouse many of those values as well. They have no copyright on fairness, honesty, industry, and commitment. When it comes to goodness I can be as traditional as the next person.

What I am advocating are not necessarily new values, but new forms in which to live and experience those values.

As a man sexually attracted to men, I show my radicalness and departure from the lifestyle of hetero, middle-America. As a man who enjoys, even thrives on, a leather lifestyle, I even further distance myself from that norm, and the norms of most Gay men. So it is no wonder that my family will deviate most from the present status quo in the area of sex.

I make no bones about my feelings about today's sexual status quo: it is based on distorted, prejudicial, and unfounded premises. The sexual mores of the past, which are still too much present for our own good, saw sex as fundamentally evil, procreation being the only valid reason for using such a "dirty" bodily function.

The more recent past has seen the beginnings of a movement toward a more balanced view of our sexual environment, but we still have fundamental reformation to make before we are comfortable with ourselves and our genitalia. I see leather folk as being on the forefront of that shift, but each of us certainly has subconscious feelings and fears to be rid of before we can all accept sex as a blessing, without shame, remorse, or regret.

Since I can't think of a better word, I've decided that my family will be *polyandrous*: many men open and able to have sex with each other. The specific form of that polyandry remains to be seen.

On the one hand, families may

decide to be closed to allowing their members to have sex with anyone outside of their committed group, or conversely, they may recognize that such an arrangement won't work for them and so will allow their members a greater freedom in that area.

Sometimes three-ways work, and sometimes group sex is fun. Most often, though, we find ourselves simply coupled in order to share the best kind of intimacy. Here, obviously, families will be most self-defining. They'll have to make their own rules and find ways to make those rules work to their mutual advantage.

As I see leathermen, I think we will opt for more open rather than closed relationships. We will recognize that "promiscuity" is an invention meant to control and subdue, that the basis for monogamy is money. Marital fidelity is merely meant to insure that wealth is passed down to a legitimate heir, that women are kept in their place as domestic servants and concubines.

I have long seen love and sex as separate. There are those I love with whom I've never had sex, those with whom I've had sex and will never love. Sex in itself is good and doesn't need "love" to legitimize it any more than love needs sex to give it an aura of goodness.

So what will this family look like sexually? I can see, for instance, a Master with several slaves, all of whom serve him sexually and are open to having sex with each other, or others, as their Master allows. A family may have more than one Master, or a slave to one may be the Master of another. Family members may be free to have sex with outsiders, as a way to find others sexually compatible for future inclusion in the family, or sex may be reserved for newcomers only after they have met the family and been invited to get to know its members better.

One of the major problems, I think, with the concept of monogamy and the "nuclear family" is the stress it places on each to provide for all of the other's needs: financial, social, intellectual, emotional, sexual, etc. No one person can fulfill all the needs held by another. An extended leather family, then, provides an avenue for several, perhaps even many, men to share each others' lives and jointly carry each others' burdens.

Looking at leather as a lifestyle, one can see structures, definitions, and

characteristics that give it a certain sense of cohesion and commonality. It is just these attributes that make it a recognizable sub-culture. Among them are roles, signals, a vocabulary, common practices, shared fetishes, recognized leaders, sought-after traits, role models, an extensive literature, and (happily) a growing, shared history.

It is no surprise then, that leather families will be structured to reflect many of these same sub-cultural values. The structures will vary, no doubt, among the various families, but I will venture to say that they will have more cohesion than less, be more authoritative than not, and more permissive than most.

I don't think that each family member will live the same lifestyle as others in his family. There is the certain possibility that some members will be "freer" than others, some less committed or obligated. Masters, for instance, may be less accountable, slaves more.

Versatile members may find themselves writing their own rules, as long as they recognize their inclusion in a family and they are able to accept the obligations which the family feels it needs to impose upon them. The hallmark in any case is what works to meet the needs of both the individual and the group.

We'll recognize, I trust, that not everyone can, should, or is meant to, live in the family of our choosing. So families will have associates, friends, and will even find it necessary to exclude those whose needs they can not meet.

I've lived in an extended family, a nuclear family, a commune, alone, with a lover, with a roommate, as a Master, as a slave, in sexual and non-sexual scenarios. Each habitat has given me comfort, has demanded that I contribute. Some lasted a short time, others for years. In the long run, each has fostered my growth, my peace, and my future.

I've come far enough in life to know that I am a leatherman. It's time to see how leather, community, and day-to-day living can become more real, more vibrant, and more supporting. I don't know what the family of my choosing will look like 20 years from now, but I'm willing to start building it. Good luck in finding yours as well. — **Jack**

I spend a lot of time at the gym because it turns me on. I like to watch men while they work out, see them flush red with the effort of reaching their peaks, their lips stretched open in a scream. It's like watching them cum. But it's not just seeing guys pumping up their bodies and working up a good sweat. I also like the way I feel when I'm pumping iron, the way my body feels afterwards. And the smell of the gym, that special combination of good, clean sweat and the motel-sized Ivory soaps most gyms use because it's cheap. I even like the lousy dance music they play to keep up the energy level.

Working out makes me two things: hungry and horny, not necessarily in that order. When I leave the gym my stomach's growling, my muscles are aching, and my cock's hard and begging for some attention. Sometimes it's so bad I've got to jerk off in the sauna before I leave, which is usually okay since a lot of guys need to get off after working out.

If it's a nice day, instead of my usual "leathers", I walk home in my gym clothes. I get off on seeing other guys in their work out clothes, especially if they smell good and funky, so I go out looking for them dressed the same way. Sometimes I'll wear the same sweaty jock for days looking for the right muscled man to chew on it or suck out the savory juices.

Guys into jocks are like guys into leather — we dress the same way, get off on the same things, and can always spot each other on the street. The best place to get off with another bodybuilder is the gym, though. It's what we talk about when we get together. Any chance we get to fuck with a hot muscle-stud in a gym, we grab each other by the balls and go for the gusto. Unfortunately, it doesn't happen very often, but when it does happen, I can guarantee, it's hot.

Let me tell you about my favorite "gym experience".

It was in the middle of a heat wave. The sweltering heat had gone on for over a week and most of the guys could hardly move at the end of the day, let alone get to the gym. But I stuck to my schedule because I'm a fanatic about it. I waited until the sun started going down and the temperature had cooled off a little. There were only a couple of guys there. I nodded to them as I sauntered through the main workout floor. I started my workout right away since I didn't have a lot of time to socialize before the gym closed. I wanted to concentrate on my routine for this particular day. Gabbing could come later.

About an hour into my workout, I was resting on the incline bench between flies when I noticed him. The sweat was pouring down my face. My shirt and shorts were sticking to my skin. I licked the sweat off of my lips and started another set. He stood next to the bench and watched me through the mirror. Casually, I looked back at him and found I could hardly take my eyes off of him.

He was a big guy, six-two to my five-ten, and made entirely of gym-toned muscle. His skin was taut and smooth, a deep golden tan and covered with a light blond down. His beard and hair were a sort of ash blond, and his eyes a deep blue. His tee-shirt didn't begin to cover his massive chest. It was just a rag, really, an old shirt he'd torn the sleeves and neckband off of. His shorts were almost as minimal, hiked up a little over his weight belt and exposing more than they covered. His substantial basket was at my eye level when I sat

up on the bench. I was sure that I saw movement in its damp confines, and licked my lips again.

I nodded to him as I finished my set and looked around for my towel to wipe the bench off.

"How you doing?" he asked.

"Okay." I would've stood up but he was standing right in front of the incline bench. I tried to keep my cool.

"Looks like you're getting a good workout," he said.

"Working up a sweat."

"Looks good on you," he commented as his eyes scanned down my torso and zeroed onto my stirring crotch.

"Thanks. You're doing all right, too." I pointed to the

patch of damp in his shorts, just above the crotch, where the rivers of perspiration running down his body had met

"Yeah," he said, rubbing his hand over the beads of moisture glistening over his beautiful golden skin. "Yeah, working up a real sweat." He took a couple steps forward, bringing his crotch right into my face. I stared at the bulge moving under the shorts, then glanced up at his face. "Maybe you should lick it off for me," he sneered.

The hint of menace in his voice made my mouth go dry. But I wasn't about to stick my tongue out and come running like a good little dog. "Fuck you, man," I replied. "Why don't you eat me?"

He grabbed my head and dragged my face into the sweet-salty rivers of his abdomen.

"Let's see you use that smart mouth for something besides back talk. Come on, asshole, lick the sweat off."

It didn't seem to bother him if anyone else was around to see...and it sure was the last thing on my mind!

I obeyed. There was too much of him to resist, even if I'd wanted to. He was bigger than me, taller by half a head, and unquestionably stronger. I buried my face in his body and went to work. I took in the scent of his body. His sweat had that nice clean taste that healthy sweat has: no chemicals, tobacco or booze stinking up his pores — just beautiful muscled meat.

He pulled the rag of a shirt off, and I moved my mouth from his navel and trailed a line of saliva to his massive tits. I'm always a sucker for a good set of pecs. I locked my mouth first on one tit, slowly sucking and nipping to make it harder, then gave the other one similar treatment, alternating for

some time. As I licked the sweat off the hard plates of his chest, he perspired even more in his excitement. His body was a mass of trembling muscles, his legs shaking like a newborn colt's.

Suddenly, as if he couldn't stand it anymore, he lifted me up from the bench and kissed me. Our lips met as we lapped at each other's tongues. I wanted to swallow him alive!

Next thing I knew, he was carrying me in his arms — and I'm no light weight — across the gym to the freestanding bench.

Glancing around, I noticed the few body builders left had vacated the main floor. After putting me down, he started pulling at my clothes, tearing them off of my damp body. When I was down to just a jock and sweat socks, he pushed his face down in my crotch and lapped at the sweat around and under the pouch of my jock.

Then he was chewing on the strap itself. My already hard cock stood at attention. A considerable pool of pre-cum was

staining my jock, which seemed to inspire him even more. Taking matters into my own hands, I eased his mouth to my cock and balls. Soon he was licking at them, sucking on my big hairy balls and cock through the jock strap.

I forgot that someone might hear us downstairs at the front desk and let myself groan out loud. It all felt too fucking good to keep to myself.

I grabbed his pecs, hard slabs of muscle covered with that soft gold fur of his, and held onto them as he put his body on top of mine. When his crotch was near enough for me to get my hands on it, I pulled at his shorts until they were down around his knees and I could see the monster cock swelling inside the ratty and stained jock strap he wore, the fat head protruding from over the elastic band. I held onto his hips and pulled him towards me until he was almost laying on top of me, rubbing his raunchy jock in my face.

His cock swelled even larger as he was grinding his groin against my face. I chewed on the smelly pouch that barely confined his cock and balls. The musky smell becoming an aphrodisiac I could not resist. But I just had to make one more attempt to flip this big fucker. If he wanted to take me down, he was going to have to convince me that he really wanted it that way.

"This has been swell, but I really have to run," I said.

A snort of disbelief and rage greeted me. His big hands came down on my head so hard and fast, there was no way I could get to my feet.

"All your evening appointments just got cancelled, smart ass. This is where you're havin' dinner tonight."

Finally, convinced that I was in the right place with the right man, I gave in and made love to his swollen jock strap, licked and chewed on it until it was dripping with my spit. Pre-cum oozed out from his dick head and over the waist band like it was drooling. I licked up the sweet ball juice from the end of his jock all the way to its source. Now was my chance to tongue the head, then dip into the piss slit.

His body was thrashing on top of my face as he tried to get more of his thick cock into my mouth. I had no intention of preventing him from his sole mission so I grabbed the ragged pouch with both hands and tore it off of him, freeing his low hanging balls and allowing me to pull the 10-inch from the waist band that held it close to his body. I opened my mouth and swallowed the whole thing, burying

my nose deep into the man smell in his blond bush of pubic hair. I held onto the bench for support and pumped my throat around his meat, milking everything I could out of it.

My stretched mouth continued its pumping motion until I could feel the head of his cock expand and start to choke me. If it weren't for the necessity for air, I would have preferred to keep his thick prick buried in my throat.

He pulled his cock out of my mouth and stepped back. I looked up at him, at his huge cock sticking out into the air and glistening with my spit and phlegm. A single strand of ball juice slowly dripped from his extended cock. I could see the head pulsing, ready to explode, as he held it tight at the base to keep himself from cumming. For a moment we were both speechless. His face was twisted into a knot of pain and lust from the effort of holding back his orgasm. We were both panting, out of breath, and I could feel my heart beating at an extremely rapid rate.

I jumped up and grabbed his dick with both hands,

stroking the length of it in my fists. The slurping sound of my stroking echoed in the now empty gym. He tried to pull away, but I had other intentions.

I grabbed his balls, which must have been blue with pain since he'd been so close to cumming. With an iron grip I jerked on his dick and pulled on his churning balls until he finally pulled my mouth down to his cock and forced it between my willing lips. It was already pulsating, expanding to what felt like twice its original size. He was not about to let me go.

There was a brief pause, a nanosecond that lasted a lifetime, followed by an explosion in my mouth. Cum poured out of him in long, hot spurts. I swallowed several times before he finished, then sucked his piss slit dry, probing my tongue as deep as I could and savoring the taste of his sweet, creamy cum.

He stepped back. This time I let him go and looked up at him from where I was kneeling with a satisfied smirk on my face.

He growled, "All right, fucker. You just landed in shit. You're in big trouble now. Nobody makes me cum until I'm ready."

He sounded so pissed-off, I tried to retreat, but he got me in a bear-hug. Then he pried my mouth open with his big paws and, spit a huge wad of saliva and probed deep with his two forefingers into my mouth. This massive man was now taking back control. This wasn't kissing, it was more like being orally raped! Before I could catch my breath, he grabbed me around the waist in a wrestling hold and threw me to the floor.

The landing took away my breath but also intensified my need for him. I couldn't believe he was manhandling me this way. His huge body made the floor shake as he landed next to me. I was down on all fours, and he clamped one arm around my waist to keep me there. The straps of my bursting, soaking-wet jockstrap cut into each side of my butt, making it feel extra-naked.

The first warning sign of what was to come was a breath of warm air across my naked ass cheeks. That soothing sensation was immediately followed by a slap so hard it made me grunt with surprise and pain.

I immediately realized that this was an ass whipping I would never forget. The same muscles that bench-press 350 pounds or more, can deliver an impressive amount of force during a spanking. My buns were being blistered at lightning speed. I yelled, I told him to stop, I twisted around — all to no avail. He showed absolutely no mercy.

"Do you think you can just grab any hard dick you see and chow down on it without asking?" he shouted. "Do you think you can take over any time you want? From where I sit, asshole, you don't look like you're running the fuck. Who's the boss here, asswipe? Answer me!"

"You are," I finally said, sniveling a little. My hindquarters were smoking. I desperately wanted to plunge my butt into a bucket of ice water.

"You are, what?" he demanded, bringing both hands down simultaneously side-by-side on my swollen and bruised butt.

"You are, Sir!" I cried at the top of my lungs.

"And are you gonna behave yourself from now on?"

"Yes," I wept, "Sir!"

"That's better. Now you lay on that battered behind of

yours, boy, and prepare to receive a little more behavior modification."

I rolled over with a groan. The pressure on my aching buttocks shouldn't have been enjoyable, however the raspy feel of the carpet against my sore hide brought up all sorts of new sensations. I thought a break might be in order, but the sadistic bodybuilder who had just tanned me was in no mood to take a break.

Before I could protest, he was after my jock again, chewing on it, tearing it off of me with his teeth. His sweat ran onto my body, mingling with mine. He licked it all up, running his rough tongue across my hairy chest and abdomen, following the trail of fuzz to my crotch.

He sucked on my nuts one at a time for a while as he tugged roughly on my hard nipples with his hands. I could feel his tongue roll each ball around in the tight vacuum of his mouth, so hard I was sure I would pass out from the pleasure/pain.

Then he opened his mouth wide and sucked in both my balls. I screamed, it felt so good. My body writhed out of control. Whenever he felt me slipping from his hold on my nipples, he gave a less than gentle pull with his teeth on my balls.

Finally I succumbed and my body stopped moving. It was like I'd cum, but I hadn't yet. This is how he wanted me, exhausted from the workout he was giving me yet wanting more.

He gently let go of my nuts and swallowed my fat dick in their place. He sucked it all the way down as his finger entered my sweaty, funky butthole and gently caressed my prostate, keeping the head of my dick buried deep in his throat.

But the fingers in me weren't gentle for very long. Before I was quite ready to accommodate them, he had all four fingers and most of his thumb in me. He seemed determined to force my ass as far open as possible. His thrusts were hard and quick, and I probably should have made him stop, but I was kind of curious to find out how much my hole could take. Plus, my cock was still rock hard.

"Bet I could get my fist in here," he growled, twisting his hand. "Shove my whole hand up your butt and make you cry for more. But I don't think you've had enough training to get that much of a workout. I don't want to bother to fist fuck a pissy little twinkie like you who can barely remember to call me Sir."

Instead of going all the way into my butt, he chowed down on my cock with renewed enthusiasm. By now, it was pretty tender. Strokes that would have normally made me croon with pleasure were making me squeak with twinges of pain.

But he was just too good to resist. I felt him use his throat muscles on my meat the way I used my hand, squeezing and caressing it until I couldn't stand it. I pulled his face down into my crotch, pushing his nose into the dampness of my pubic hair, and let out a yell that filled the whole gym. I was cumming with such force it felt like my dick was a guided missile. I pumped what must have been a gallon of cum down his throat. I just kept cumming and cumming. He sucked me dry, all the while wreaking havoc inside my spasming asshole. Alternating four fingers, then two, then three. By the time I'd shot my load he'd managed to slip four fingers and his thumb inside of me, up passed the knuckles. Very slowly, he pulled out his hand and rolled me over onto my stomach.

Next he was licking the sweat off of my furry ass, following the salty taste to where it had formed a tiny stream down

**"PUSHING HIS
NOSE INTO THE
DAMPNESS..."**

the crack between my cheeks. Before I knew it, his wet tongue was in my hole, lubricating it with his spit.

I felt as if all my juices had been sucked out of me with my cum. There was no strength left in me to do anything but relax and breathe in deep as his tongue retreated from my fuck hole and the battering ram he called his dick was put in its place.

I felt it push into my tight ass, stretching me open as he slowly shifted his weight on top of me. Getting fucked by a really big dick is like working out: It hurts so good! Then his pulsing cock was in me, all 10 motherfucking inches of him, pumping real slow and easy, letting me get used to the mass and girth of the monster rearranging my insides.

He breathed heavily on top of me, the sweat rolling off of him and onto me. We became one massive, wet mess! Our bodies stuck together with sweat whenever his pelvis ground into my buns, making sucking sounds when our flesh parted.

I took it all in, the sound of our fucking, the heady smell of man sex, the deep, urgent sensation of his fat 10 inches swelling inside of my guts. I was euphoric as the sensations all ran over and through me. My cock was hard again, squashed beneath me and being stimulated as it was forced to rub against the coarse gym carpet. The pounding of our bodies increased in tempo and fury.

I was surprised again, this time at my own hard prick, and even more surprised when I felt myself on the verge of cumming.

He was pumping harder now, pushing his man meat into my hole with stronger, more determined thrusts.

I was quickly being pushed to the brink of a sexual explosion. "Hey, man! Don't cum yet! I'm getting close again!"

If he slowed down or even heard me, I don't know. The pace of his fucking increased steadily.

Suddenly, he pulled me onto all fours, his dick still in me, and fucked me by moving my ass up and down his shaft. It felt too good in that position. The angle of his cock was just right as the huge head stroked my prostate again and again. I grabbed my own cock and pulled on it as his pounding reached its climax.

Then I came, shooting my load several feet in front of me. At the same instant, he pushed me back onto my stomach and, with an animal yell, exploded inside of me. I felt his dick head swell as it blew its load, felt the sperm splatter against the walls of my guts, forming a puddle on the gym floor as it leaked out of my ass.

We lay there for a while, our bodies locked together, until we heard someone cough. I lifted my head. I'd forgotten where I was, but now I remembered and was sure my gym membership was about to be canceled.

"Uh, excuse me, boss," said the trainer I'd seen earlier at the front desk. "Should I just close up like usual?"

The employee then stood quietly, waiting for an answer, all the while taking in the incredible view.

"Yeah, I think so," said the man who'd just given me two outrageous loads of his cum. "Just give us time to shower, okay?"

We pulled our bodies apart. I began looking around for the rags that had been my gym clothes an hour or so before and asked if he was the gym manager.

"No. I just own the damn place. Like it?"

"Oh, yeah. I like it fine." I laughed to myself then added, "The service and personal training is excellent."

He grabbed me in an arm lock around my neck then pulled me closer and kissed me.

"Yeah, smart-mouth?"

Well, you gave me a fucking fine workout."

He paused, then turned back to me, grinning from ear to ear, "No charge, boy."

When he took another hit from the poppers bottle, I knew he was ready for more. I paused for a moment while the aroma came on, then slid into him until the widest part of my hand was lodged at the gate.

"Come on, Ed, give it to me," I urged. "Come on, you big fuckin' stud, you can take it. Let me in. All the way now, baby, let's go all the way."

His buttohole blossomed around my fist. Oh, yeah, this man was ready for it. His donkey dick had gone down some. I don't know why some guys get a little soft when they get fisted. Maybe it's just sensory overload. But the turgid rod of manflesh was leaking a sweet stream of pre-cum that filled our little room with its spicy odor.

He was tossing his head from side to side, and those big paws slid down the perfect mounds of his abs to assume the position on either side of his cock and balls. He flip-flopped the thick cock shaft between his palms, then lifted his shoulders off the mattress so he could reach between his own legs and yank on his own balls. This activity created a wave of contractions in his butt, and I let them push me out of the slippery channel. I dug deep into the Crisco and gradually worked my hand back into position.

"Just lay back and jack your cock off, man," I told him. "Let me work these low-hangers." What the hell, only one of my hands was busy with his butt. I could use the other one to stretch his nutsac and make his balls hang a little closer to his knees.

"If you want it, you're going to have to come and get it," I reminded him. "You ready for this?" I asked.

He nodded his helmeted head and moaned through the leather gag filling his mouth. He was ready, and his body told me he was ready by the way it responded to my touch. I held the bottle of poppers under his nose with my free hand so he could take a hit, and then another after that. He picked his ass up and sank onto my hand, swallowing it completely. I felt the muscles loosen around my fingers as he let go of the last vestiges of control. I pressed home past my knuckles, and then I paused for a moment. He was still on a poppers buzz, his breathing deep and regular, his face flushed. He had let go of his cock to plant himself on my arm, but he started to work it again, seriously now, his greasy fist going up and down like a piston. I was lodged securely inside him, and the slick walls of his butt were so hot I had to wipe my forehead. I had forgotten about the grease that by now was all over both of

my hands, so I managed to smear a great glob of it into my hair. He laughed at me, and we laughed at each other, being pretty damned pleased with ourselves. But that ham-fist of his kept time, up and down, never missing a beat.

I knew how he felt. I wanted to feel it too. The great thing about fisters is, they expect to pitch as well as catch. So I would probably get to spend my own time at the end of his pumped-up biceps. But for now, this is where I wanted to be. This was what I wanted to do with this man. I was in pig heaven. His muscular legs spread wide and my hand invisible between the twin mounds of his ass were the most beautiful sights in the world.

I gave him a moment to get used to the foreign invader swelling out his gut, and when I was sure he could take it, I started moving my hand inside him, slowly at first, but as I discover his body's language I moved more and more forcefully. He surprised me

with how much he could take, how completely he opened up to me. With harder, longer thrusts, my hand clenched in a fist or streamlined like a missile, I gave him what he wanted, what his body so clearly yearned for. I used my other hand to add more Crisco to my flesh-embedded arm from time to time. By then we were both slick with white grease, our arms and chests shiny in the dim light.

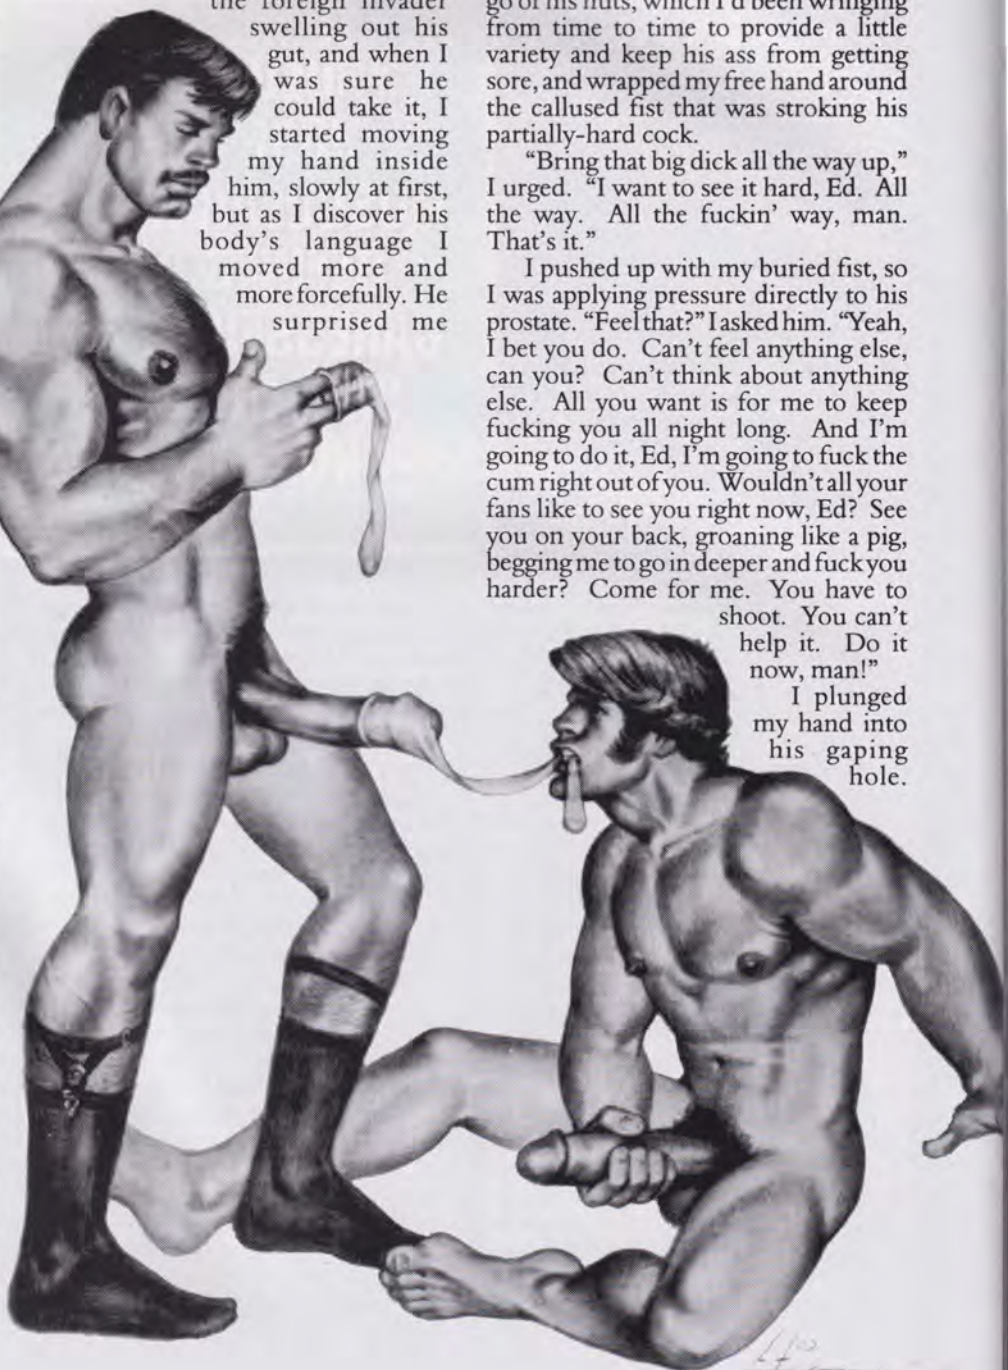

After 40 minutes or so of this assault, I could slide in and out of his stretched-out butt as easily as I pull out of my parking space, and I could tell by his moans and the way he moved under my touch that he loved it. This was the kind of man I like to have under my hand, but it was time to move on. I let go of his nuts, which I'd been wringing from time to time to provide a little variety and keep his ass from getting sore, and wrapped my free hand around the callused fist that was stroking his partially-hard cock.

"Bring that big dick all the way up," I urged. "I want to see it hard, Ed. All the way. All the fuckin' way, man. That's it."

I pushed up with my buried fist, so I was applying pressure directly to his prostate. "Feel that?" I asked him. "Yeah, I bet you do. Can't feel anything else, can you? Can't think about anything else. All you want is for me to keep fucking you all night long. And I'm going to do it, Ed, I'm going to fuck the cum right out of you. Wouldn't all your fans like to see you right now, Ed? See you on your back, groaning like a pig, begging me to go in deeper and fuck you harder? Come for me. You have to

shoot. You can't help it. Do it now, man!"

I plunged my hand into his gaping hole.

**"COME ON,
YOU BIG
FUCKIN'
STUD, YOU
CAN TAKE IT.
LET ME IN."**

By now, I had half of my forearm inside of him. So I carefully began to rotate my arm, twisting it a quarter turn from side to side. I continued to walk my fingers up inside him, as carefully and as deeply as he let me. He was beating his meat harder and harder. His breath came more and more rapidly, and I did my best to match his motions with my hand inside him, burrowing and twisting more and more earnestly. This was gonna be it, I could tell.

"Come for me, Ed, come for me now!" I called urgently and tensed my fist inside him. I felt the pressure building around my hand and arm, and watched as he writhed on my fist. He was moaning around the leather gag and panting. His breath came faster and faster, and I could see that he was close to losing it. I dug into his prostate, and he bellowed as loud as he could through a mouthful of leather. He roared, clenched his ass around me, and I felt the wracking waves of his orgasm as it moved down his belly. He forced my arm out of his ass just as he shot across his body. A thin rope of pearly-white cum lay across one of his nipples and began to pool in between the hard ridges of his gym-toned abs.

For a moment he lay panting on the mattress, spent and completely drained. I was out of breath, but I pulled myself together so I could remove his helmet and gag. We laid together for a time in the near-darkness, enjoying the after-glow. But I was feeling a need to be filled.

"Where are those poppers?" I demanded. Ed sat up and retrieved them for me.

"Can you take some of the stuff you love to dish out?" he asked with an evil grin.

"I don't know," I said, enjoying the opportunity to be a little coy. "Your fist looks bigger than my head."

"Don't worry, I'm good with my hands. And if it won't fit, I have enough perverted toys in that bag of mine to show

your butt a good time."

I stretched out on the cot, and Ed slowly worked the helmet he had worn over my own head. Opening wide to suck up the big leather gag really stretched my jaws, and made me wonder what it would be like to suck his thick cock. But that would have to wait until later. My asshole was tingling, long overdue for a hard fuck. As I lay helmeted and gagged, all I could do was wait in the blackness for whatever came next.

In a few moments his fingers began to take me apart and turn my world upside down. I felt myself slowly but surely changing my focus, putting my conscious mind aside and letting my sensuous nature—always there, but always under control—come to the forefront. My ass would become the focus of my being for the rest of the night. I waited, immobile and silent, somewhere between thought and action, that magical nothingness where I am free to feel—to simply be. The time for action was past, at least for me. I could let my "Top" head-space go. Now was the time to just lay back and feel good.

Ed bent forward, over me. The odd light in the room made his short blond hair sparkle, and the melted Crisco on his torso seemed to glow. I admired his heavy pecs hanging down in front of my face, and extended my forefinger and thumb so I could pinch and pull at the big, brown circles that decorated his chest. I don't know how anybody can talk when I'm working on their tits, but he was determined to reassure me.

"I'm not going to do anything to hurt you," he said in his rumbling bass. "I just want to make you feel as good as you made me feel." He rubbed his hand over my chest, soothing and exciting me. "You're safe with me. So just relax and let me take you for a ride."

His persistent hands were like sandpaper on my nipples. It was excruciatingly pleasurable to have him pinch them hard, then rub their erect and very sensitive tips. Oh, God, I was ready for this!

I was a little anxious, but this is where I had always wanted to be, with a big football player leaning over me, gently knocking at my buttocks. I wanted to be opened up, and if I relaxed enough, I knew I could take it. As his Crisco-slick fingers began to toy with me, pushing white pillows of grease inside me to cushion the coming onslaught, I took over the tit-work so he could concentrate on seducing my butt. I felt the cool lubricant moving into me, and I relaxed into it. He took the time to finger the heavy ring piercing my cock.

"Wouldn't mind having one of these myself," he said, "but I don't think it would go over very well in the locker room."

I felt him stroke my vulnerable ass, my inner thighs, heft and warm up my balls. How could somebody so big and strong be so gentle? My ass lips felt like they were opening and closing on empty air, I was so eager to feel him inside me. I tried to let go, to float on the feelings my body sent to my brain. I willed my body into his hands, I gave myself over to his machinations.

Cool, thick lube kissed my sphincter and passed inside, again and again and again. "You can't stop it now," he said, as if he were reading my mind. "You don't even want to stop it." And he was right. He gave me one finger, withdrew, fed me two, and then three. Then he pulled out. I felt him probe again, this time hooking a finger around the inside of my sphincter. "Don't even think about where this is going," he said. "Just concentrate on the now. Feel me touching you. Feel me becoming one with you." His fingers contin-

ued stroking my ass lips, waiting for the moment when my body told him I was ready, the moment my body let him in. I wanted it. I longed for it, and my ass reached out for it. Sensing my readiness, he pushed onwards. One finger slipped into the slick darkness of my butt, pressing against the ring of muscle, massaging it in a circular motion.

"Feel me inside you," he urged. "Feel me touching you there," he said, wriggling a finger in such a way that I couldn't ignore it. God, it felt good. The pressure grew and grew in me, and I wanted it more and more. I lost track of time as this massive hunk continued to manipulate my asshole, adding an additional finger every few minutes—or was it hours?

And then he slowly pulled his hand out! The emptiness made me panic. I watched as he reached into his gym bag, anxious to have him put his hands on me again. He pulled out a black leather football and proceeded to grease it up as if it were just one more dildo. I couldn't be that nonchalant.

"Is that regulation size?" I asked, with a quiver in my voice.

"Naw," Ed told me. "It's just a little bigger than my fist, baby. Wanna go for a touchdown with me, buddy?"

Could I really take something that big? Could I be a wide receiver? The pun made me giggle. I didn't know for sure, but I was willing to find out.

Ed cautiously started working the leather football into my butt. At first the progress was easy, but it soon became almost more than I could take. I breathed carefully, relaxing into it, visualizing my ass opening up wide enough to swallow the whole world. If I needed more energy to fuel my fantasies, all I had to do was look up at Ed. The perfect jock, the man from my football fantasies was working a motherfucking football up my eager, begging butt. I was pounding my meat in a fury, getting closer and closer to cumming, but trying to hold back until the ball was in my end zone.

Just when I was sure I couldn't take another centimeter of pigskin, the fucker slid home.

TOUCHDOWN!! A feeling of giddy relief swept over me as my sphincter closed around the tail end of the ball, forcing it up inside my quivering guts. I went over the top and hollered as the world exploded. Until that moment, I'd only had orgasms this intense when I was being fisted. My cock shot and shot while Ed whooped and hollered and urged me on.

Coming back to my senses, I laid still for a few minutes to catch my breath. There was some cramping, which made me look down at my swollen abdomen, huge like some obscene beer gut with the football Ed has coaxed into me. I rubbed my hand over my distended

belly, sticky now with cum and grease and sweat, and wondered what was going to happen next.

Ed looked at me with an evil grin and said, "Now let's go for the two-point conversion and try pulling that sucker out of there with both hands." ■
