HOW TO BECOME A TOUGH CUSTOMER

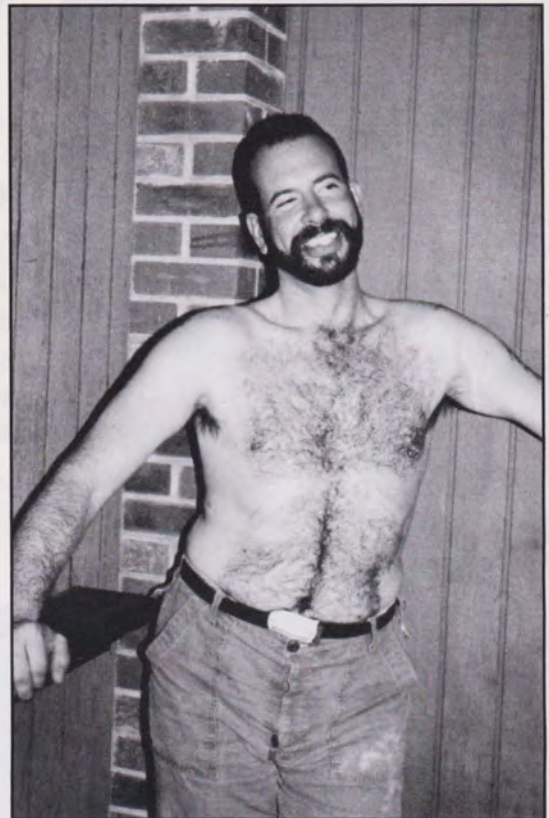

Leathermen read Drummer. Tough Customer photos are sent in by Drummer readers. You're a Tough Customer, aren't you? You should send us a picture. Send us a black and white photo. Color is acceptable, but it doesn't reproduce as well, especially if the tones are reddish or not highly contrasting. Print your name and address on the back of the picture along with a signed statement that you are of legal age. You may give your address for publication or, if you prefer, we will assign you a confidential TC Box Number. In effect, this is a free classified ad with your picture in it! If you just want to see your picture in our pages and don't want any mail, just say so. As disappointing as it may be to our readers not to be able to write or contact you, they'll probably enjoy seeing your picture as much as you'll enjoy having it published. We can't show penetration, and pictures cannot be returned.

NIGHT FLIGHT

by Forest Trevor
Illustrations by Matthew Joseph

"Shit!" Stephan muttered. Another delay and stuck on this plane bound for home. Yes, home and to his waiting slave boy, Mark. Stephan settled a little deeper under his blanket attempting to arrange his 6'2", 190 pound frame into the tiny airline seat. As he settled in, his hands wandered to the crotch of his neatly pressed business suit.

"Since we'll be on the ground for another ten minutes any passenger wishing to relocate to a vacant seat, please feel free" crackled a bored voice. Stephan shifted, cupping his balls under his blanket. Across the aisle, a hot looking kid was settling in. As the kid shifted his luggage in the overhead compartment, Stephan appraisingly viewed the firm ass cheeks encased in the tight jeans. A sharp "V" rose from the waist to the close cropped hair. The "V" was intersected by lean powerful shoulders now adjusting the luggage. The kid slapped the compartment shut and turned. Stephan's eyes now had full view of the kid's

crotch that was represented by a quite respectable mound. Paralleling his eye movements, his right hand pulled down on his now freed nuts while his left index finger snaked into the gold ring piercing the head of his dick. Stephan's gaze returned to the twin mounds of the ass flesh as the kid maneuvered into the seat directly across the aisle from him.

The crackled voice alerted all passengers to "fasten safety belts". Stephan released his nuts and "inserted the flat metal end into the buckle". The kid fastened his belt and as he did so, raised up his hips to settle in. Stephan unconsciously muttered, "Y eah kid, I'd like to settle this rod up your ass crack too."

"Excuse me Sir, did you say something?" the cornflower blue eyes asked.

Startled, Stephan realized he had not only thought of his last statement but had actually uttered it.

"Uh, no, not really."

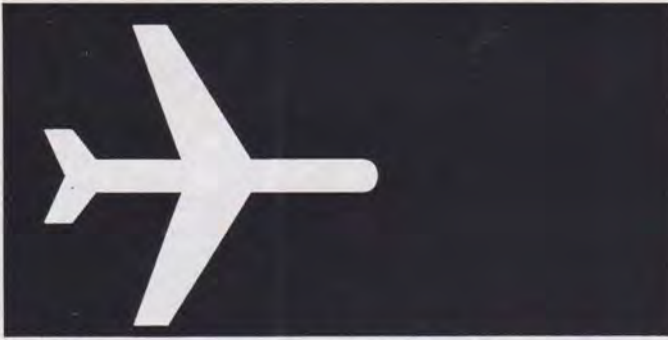

"Oh, sorry then." the blue eyes receded.

Under the blanket, Stephan's dick began to lengthen once again when his mind returned to the thoughts of the welcome home from his slave, Mark. The head of his dick emitted drops of pre-cum as Stephan fantasized of the hot wetness of his slave's lips as they

welcomed home his Master and his dick. Gently tenting the blanket, Stephan stroked the sensitive underside of the head until a thick pool of sticky fluid had formed in his palm.

"...free to move about the cabin." the crackled voice informed.

Stephan resented his long trips abroad but realized these trips not only secured his employment as one of the top account executives in the company but also kept his salary in the six digits. That salary allowed him not only the luxury of keeping his slave at home but allowed him to continue building his collection of bondage and torture paraphernalia. On this trip to Germany, Stephan acquired a medieval apparatus that would soon adorn his slave's nuts. As Stephan reveled in his anticipation of the moans they would bring, his right hand pulled more firmly on his own hairy balls. The wetness in his crotch needed greater release. Stuffing his balls and stiff rod into his business boxers and suit was a bigger job than he had thought it would be. Stephan glanced to his right and became aware of the kid across the aisle kneading his own jean clad mound. Stephan's eyes shot upward and met the blond's excited eyes. Using the heel of his hand, Stephan pushed his crotch further downward to allow for him to safely get up and head for the lavatory. Stephan collected his travel bag from his briefcase and extricated himself from his seat. As he rose, the kid's eyes were glued on the cum soaked left leg of Stephan's pants and the still hard flesh. Stephan saw the kid's lips brush over his downy stache and his eyes looked up from his seated position, in what can only be termed, complete cock lust submission. Stephan nodded his head curtly for the kid to follow. As he made his way down the aisle to the rear of the craft, the river of clear wetness reached his knee cap. Stephan quickly entered the large rear lavatory and remained facing the tail of the aircraft until he heard the door latch slide to "occupied". Stephan spun around and glared into the baby blues.

"Don't say a word cocksucker , just get out

of your clothes and bare assed within the count of thirty!" he barked. T ripping and falling against the bulkhead, the kid complied.

"On your knees and keep your mouth open."

The downy stache accented the nice red lips and waiting warmth of the kid's mouth. Stephan edged forward letting the kid's nose touch the wet wool of his soaked pants.

"Lick it, kid."

A pink tongue shot out and lapped at the fabric.

"Y eah, clean it off, you piece of no good shit!"

Slurping was the reply. Reaching down with his strong fingers, Stephan roughly and vise-like, gripped one of the kid's tits.

"AH, ah..ah.." filled the tiny shit house. The nipple was pinched tighter and toward the cabin roof. Stephan roughly brushed the face away from his crotch.

"Up on the bowl with your ass toward me!" he barked.

As the blond scrambled to mount the silver bowl, Stephan quickly stripped.

Standing in front of the mirror, Stephan ran his hands over his bare flesh, teasing his nipples among the fur-matted pecs. Admiring his body in the tiny mirror, Stephan pulled his balls downward as he unzipped his shave kit. Turning his attention to the poised ass, Stephan wet his index finger in his mouth and ran it up the crack of the kid's ass. Involuntarily

the kid's cheeks clenched. A loud whack resounded in the small compartment as Stephan whispered in the kid's ear, "Relax and open up and it'll be a lot easier."

"Yes! Sir!" the kid snapped a bit too forcefully.

Reaching for his cum soaked boxers, Stephan wadded them in a ball and gagged the kid for good measure. Retracing the saliva-smear track up the kid's ass, Stephan leaned down and kissed the kid's pussy with his mouth. The kid moaned and pushed his hungry ass toward the intruding mouth. Stephan lightly nipped the quivering hole and then quickly darted his tongue into the dark wetness. As Stephan reamed his pussy, the kid bucked his hips and moaned through the gag.

"Like that, don't ya pussy boy?" Stephan breathed between mouthfuls.

Shaking of his butt and thighs was the kid's reply. Straightening, he licked his wet moustache, savoring the muskiness of the kid's ass. Retrieving the barber's razor from his kit, he smeared menthol shave cream on the kid's hole and up his crack. This brought moans from the shaking blond. Deftly maneuvering the razor, Stephan sheared the kid's ass of the downy hair. Licking the remaining cream off the hole and crack assured him the shave was close enough. The now pink "bud" greeted Stephan's probing middle finger eagerly. Ramming it up

to his palm knuckle, Stephan stroked the kid's gland, feeling the velvety wetness of his fuck canal. Two, then three fingers entered.

Squirting plenty of lube onto his embedded hand, the kid reared back toward Stephan's hairy wrist like a bucking horse.

"Can you take it all, boy? Can you be Daddy's big boy and ride my fist?"

A muffled grunt from the nodding blond head signaled the kid's agreement.

Stroking his fuck rod with his other fist, Stephan added his small finger to the straining hole. Admiring his half embedded hand, Stephan added more lube to his knuckles. Glistening fingers retreated up the warm tunnel. His thumb began snaking it's way in along with the other four fingers. The blond's ass was quivering from anticipation

and lust. Gently Stephan eased his full fist in and watched the pink sphincter close around his wrist. The kid's pulse could be felt by Stephan's crimped-over index finger and the beat was accelerating. Matching the life pulse of the kid's butt, Stephan stroked his dick, pulling on the gold ring. While slowly fisting the moaning ass, feeling it's pulse, his dickhead released ropes of white cream onto the lavatory mirror. A smile crossed the pursed lips as the "Please clean between uses" sign

mounted on the mirror came into focus. As the white globs trailed onto the sink, Stephan turned his attention to his embedded fist. Using his free hand, he scooped up some of his spent juice and smeared the dangling ballsack of the blond. Gripping the nuts, he began to slowly move his hand in and out of the boy's ass. The dark hairs of his wrist glistened with lube and boy juice. Stephan's folded index finger found the pulse once again.

"Good boy, keep Daddy's hand warm like a glove." Stephan encouraged.

The pulse quickened. Gripping the cum-smeared nuts and pulling, the pulse sped faster. Stephan's index finger moved from the pulse to locate the sensitive knob of the boy's gland. Feeling it, he gently rubbed, causing the boy to begin his ejaculation. Keeping his attention on the pressure point and pulling at the cum-matted balls, Stephan drove the impaled boy wild in his cumming. The ass lips clenched on his wrist as streams of jism erupted again and again from the blond. Easing his grip off of the kid's balls, Stephan lightly slapped the slackened sack getting a groan and twitch from the boy's two ends.

"Excellent, boy. Very good." Stephan complimented as he slapped the still impaled butt. In response, the ring closed tightly around his wrist, like a manacle. Gently massaging the kid's lower back and flanks, feeling the cooling sweat, Stephan extricated his fist from the ass. Clenching cheeks attempted to prevent this retreat but his glistening hand reappeared.

Wiping his hands with paper towels, Stephan leaned close to the blond's neck.

Licking the beads of sweat at the nape, he said, "I know, you feel vastly empty." The head nodded.

"It's OK though, you'll be alright and remember the feeling; it'll sustain you until you ride another fist."

"Get cleaned up now. I think we're getting ready to land soon." Stephan caressed the cheeks once more.

Quickly dressing and exiting, Stephan returned to his seat. The wool fabric scratched his now sensitive dickhead and Stephan remembered his boxers were still in the blond's mouth. Smiling, he stroked the rawness under the blanket. A few minutes later the blond stiffly settled in across the aisle.

The crowd formed in the aisle and slowly made it's way up to the door. As Stephan exited, the flight attendant inquired, "A good flight?"

"Very relaxing." Stephan grinned.

Catching up to the retreating suited figure, the blond tapped him lightly on the shoulder. Raising a ball of white fabric in his hand, the blond purred, "Thanks for the gift, Sir."

"No problem." Stephan smiled.

Waiting just beyond the security checkpoint, Stephan caught his slave's gaze and warmed as Mark's eyes quickly looked down in submission, as he awaited his Master's return.

Our unit offers several improvements over any previous; stronger and more pleasant frequencies, can be used with up to four attachments (2 or 4 attachments on one person or 2 attachments each on two people), instant kill switches for each channel, provides a potential for interesting variations in delivery of the current. L.E.D. indicator lights so you can see the pulse of the unit. Includes AC adaptor or can be used with 9 Volt alkaline battery. Two intensity controls allow you to fine tune the sensations. Separate frequency and pulse rate controls offer the maximum range of stimulation variations. Also includes 2 sets of leads for attachments listed below. Absolute pleasure!!!! —**M401 P.E.S. ElectroPlate

This is a concave oval of LEXAN with two electrode strips. Designed to stimulate the lips of the vagina, it also works well anywhere on the male body. Try it on the scrotum, inside of the thigh, on the bottom of the foot...—**M558 ELECTRO PLATE \$59.95**

Sparkler—Cock Head Stimulator

This is a short length of conductive rubber that, when used anally, for urethral insertion, or looped through the acrylic platform, becomes a mystical cock-head stimulator in conjunction with a single cockring at the base of the cock (approximately 6" long by 1/8" diameter). Originally designed for anal insertion. If used with single electrode cockring, the current will pass from the front on the body through the prostrate into the ass. Can be used in any moist opening below the waist including the urethra, but if used for urethral insertion must be a one person toy. Caution this one delivers quite a jolt.

—M557 SPARKLER \$49.95
